

CODE BREAKERS

VIRTUAL TEAM BUILDING

Keeping Your Remote Employees Productive & Engaged

LOOKING FOR A FUN & INNOVATIVE WAY FOR YOUR REMOTE WORKING TEAMS TO COLLABORATE?

Then check out Code Breakers, a fast-paced code breaking and riddle solving game where the goal is simple: Getting your virtual teams to work TOGETHER, against the clock, to earn more points than their opponents for the win. It's quickly becoming our most popular offering!

Using creative thinking and imagination, your team members work towards a common goal of cracking the code. The benefits to your organization are lasting and impactful.

Your remote employees will strengthen crucial skills in critical thinking, decision making and leadership, while having fun in a safe, competitive environment!

The beauty of Code Breakers is that everyone contributes to the overall success of the mission. It's not a scenario where one person takes the reins and dictates what happens, rather each of your employees is tasked to contribute to a successful outcome for their team.
